SUMMARY

ML Engineer with experience in Python, Machine Learning, and NLP.

Skilled in building AI-powered applications using LangChain and FastAPI.

SKILLS

Python, Machine Learning, Deep Learning, NLP, LangChain, LangGraph,

FastAPI, TensorFlow, PyTorch, Scikit-learn, Git, REST APIs

EXPERIENCE

AI Developer Intern | XYZ Tech | 2024

- Built RAG pipeline using LangChain and ChromaDB
- Developed REST APIs using FastAPI
- Worked with NLP models for text classification

PROJECTS

Student Grievance System | LangGraph, FastAPI, React

- Multi-agent AI system with department routing and status tracking

EDUCATION

B.Tech Computer Science | 2025

GPA: 8.2/10

CERTIFICATIONS

- Machine Learning Specialization — Coursera

- Deep Learning Specialization — Coursera
